

Campus Mantri Task 2 – Summer SkillUp Promotion Campaign

Task Overview

Task Name: Summer SkillUp Promotion Campaign

Status:  Approved

Objective

The objective of this campaign was to create awareness about the **GeeksforGeeks Summer SkillUp Program**, a learning initiative designed to help students enhance their technical skills during the summer through structured learning resources, coding practice, and career-focused opportunities.

As a GeeksforGeeks Campus Mantri, my responsibility was to promote the campaign on LinkedIn, encourage students to participate, and increase the visibility of the Summer SkillUp initiative within my academic and professional network.

About Summer SkillUp

The **Summer SkillUp Program** is an initiative by GeeksforGeeks that motivates students to utilize their vacation productively by learning in-demand technical skills. The program typically highlights learning paths in areas such as:

- Data Structures & Algorithms (DSA)
- Programming Fundamentals
- Web Development
- Artificial Intelligence & Machine Learning
- Aptitude and Interview Preparation
- Competitive Programming
- Career Development Resources

The campaign aims to inspire students to build strong technical foundations and prepare for internships, coding competitions, and placement opportunities.
