

Campus Mantri Task 6 – Placement 360 Promotion & LinkedIn Engagement

Task Overview

Task Name: Placement 360 Promotion & LinkedIn Engagement

Points: 600

Status:  Approved

Completion Date: 10 July 2026

Objective

The objective of this campaign was to create awareness about the **GeeksforGeeks Placement 360 Program**, a comprehensive placement preparation initiative designed to help students become industry-ready through structured learning, coding practice, interview preparation, and career guidance.

As a GeeksforGeeks Campus Mantri, my responsibility was to promote the program by publishing an original LinkedIn post, reposting official GeeksforGeeks LinkedIn announcements with personal insights, and submitting proof of all promotional activities.

About Placement 360

Placement 360 is a career-focused learning initiative by GeeksforGeeks that aims to provide students with a complete roadmap for technical placement preparation. The program is designed to help aspiring software engineers and technology professionals develop the skills required to secure internships and full-time opportunities.

The program generally focuses on:

- Data Structures & Algorithms (DSA)
- Programming Fundamentals
- System Design Basics
- Core Computer Science Subjects
- Aptitude Preparation
- Technical Interview Preparation
- Mock Interviews
- Resume Building
- Placement Guidance

- Career Development Resources

The initiative encourages students to prepare in a structured manner while gaining practical knowledge relevant to modern software engineering roles.

My Contribution

As part of this campaign, I:

- Explored the official Placement 360 program and its objectives.
 - Published an original LinkedIn post highlighting the benefits of the Placement 360 program using the official program link.
 - Reposted two official GeeksforGeeks LinkedIn posts with my own insights to improve engagement and reach.
 - Encouraged students, peers, and professional connections to explore the program.
 - Compiled the URLs of my original LinkedIn post and both reposts into a single Google Document.
 - Submitted the Google Document as proof through the Campus Mantri Portal.
-

Skills Applied

- Professional Communication
 - LinkedIn Content Creation
 - Social Media Marketing
 - Community Engagement
 - Technical Content Promotion
 - Personal Branding
 - Documentation
 - Digital Campaign Execution
-

Outcome

- Successfully completed all required promotional activities.
 - Published one original LinkedIn post.
 - Reposted two official GeeksforGeeks LinkedIn posts with personal insights.
 - Compiled and submitted all LinkedIn URLs in a Google Document.
 - Task approved by the GeeksforGeeks Campus Mantri Team.
 - Earned **600 Points** for successful completion.
-

Admin Feedback

Congratulations! Your submission has been approved. Nice effort and dedication. Keep up the great work!

Learning Outcome

This campaign strengthened my skills in professional networking, technical communication, and digital marketing. Creating original content alongside meaningful reposts improved my ability to communicate the value of career development programs effectively. Additionally, documenting and organizing campaign deliverables enhanced my attention to detail and professional reporting skills. Through this activity, I gained valuable experience in promoting educational initiatives while encouraging fellow students to prepare systematically for technical placements and software engineering careers.
